### Gen. Doolittle Gives Warning To Japan Of Gigantic Raids

By J. C. OESTREICHER  
(U. S. Staff Correspondent)

The United States air force issued another challenge and made another promise today.

And on the basis of past performances, nothing is more certain than that both will be fulfilled.

Winding up the operations of the United States Eighth Air Force that contributed in such overwhelming measure to the defeat of Nazi Germany, Lieut. Gen. James

H. Doolittle served notice that within a short time Japan will be pulverized by B-29 Superfortresses streaming through the skies in terms of thousands.

Full Scale Air Offensive  
Doolittle spoke of the forthcoming full-scale air offensive against Tokyo and the Japanese home islands in the light of the fact that the Eighth Air Force's assaults against Germany with ordinary B-17 Flying Fortresses, virtual midges against the B-29s.

### Seventh Bond Drive Workers Face Big Task

Preliminary Meeting 'Last Night Reveals Huge Job In Latest Campaign

FORMAL OPENING ON NEXT MONDAY

Monday, May 14, marks the formal opening of the Seventh War Loan campaign and New Castle pried it open with a preview Thursday night in the dining room of the Cathedral, when workers of the campaign met at dinner with City Chairman John J. Maher in charge. Present were County Chairman W. Walter Braham and Co-Chairman Joel S. McKee and the heads of the various branches, who were introduced.

The dinner was opened with a verse of America directed by David W. Rees and the invocation by Rev. F. M. McCarter, pastor of St. Mary's church. Following the service of the dinner Chairman Maher spoke briefly, thanking the workers for their efforts in previous campaigns, lauding them for having put six campaigns over successfully and predicting that the seventh would go over.

Tougher Than Usual  
"This campaign will be tougher than usual," said Mr. Maher. "This time our country quota of 'E' bonds is raised to \$2,640,000 and the income tax deduction is increased to 10 percent."

### Iron Clamp Upon German Territory Held By British

LONDON, May 11.—(INS)—Allied military government authorities today clamped down iron control over German territory held by the British second army, arresting at least 2,000 persons, a dispatch to the London Evening Standard said.

Among the arrested were prominent Nazis, others political suspects and collaborators, as well as spies and alleged war criminals. Many of those arrested were reported already sentenced after summary trials for breaking rules set forth by the allied authorities.

### Gen. Falkenhorst Taken By Yanks

WITH THE U. S. SEVENTH ARMY, May 11.—(INS)—Gen. Nicholas von Falkenhorst, commander of all German air, land and sea forces in Norway from the time of the German invasion of Norway until the capture of December last year, was captured today.

Von Falkenhorst was taken prisoner by the 42nd (Rainbow) Division of the U. S. Seventh Army.

### Huge Increase In Air Raids In Store For Japan

LONDON, May 11.—(INS)—Maj. Gen. Cyril Anderson, chief of staff of the U. S. Eighth Air Force, said today that American air forces would soon put 2,000 B-29 Superfortresses in the air over Japan at one time.

In the last press conference of the veteran Eighth Air Force, Anderson and the group's commander, Lieut. Gen. James J. Doolittle, revealed some of the prospects for the men and planes of the Eighth. Anderson forecast the possibility that Japan shortly will get raids as intensive as anything ever done in Europe and that soon the Americans will be putting 2,000 Superfortresses into the air at one time with adequate fighter support.

General Doolittle said that the Eighth, the heavy bomber group of the American air forces in Europe, is in the process of deployment from one theatre to another.

### Worries Grow For Japanese

End Of War In Europe Makes Japan's "Future Tremendously Difficult"

NEW YORK, May 11.—(INS)—The Tokyo radio acknowledged in a broadcast reported today by the FCC that the cessation of hostilities in Europe would "make our future tremendously difficult."

The Japs declared, however, that "when it comes to fighting alone, the Japanese are able to manifest a 10-fold strength."

The Japanese reiterated that the European situation will not affect her policy in the least.

Asserting that there was a "great significance" in the fact that Japan was "still on friendly terms with Russia and has reaffirmed her intentions of remaining on neutral terms," the broadcast said:

"The enemy nations are constructing their action as constituting a bid for peace, but this is an entirely mistaken idea. Japan has clearly stated to the world that she will fight to the end against Britain and America and at the same time, maintain friendly relations with Soviet Russia."

### High School Graduation Programs To Get Start At Harlansburg High

Harlansburg high school will lead off the commencement season for high schools of the county when the class of six girls receives its diplomas at exercises on May 18 at Harlansburg Presbyterian church. Baccalaureate service for the class will be Sunday evening, May 13, at the church with Rev. J. Calvin Ross as the speaker.

At Ellwood City  
Commencement for Ellwood City high school will be Tuesday, May 22. Ellwood seniors will have a dinner on May 15 at the United Presbyterian church, their assembly on May 18 and baccalaureate service on May 20.

Below, in the batch, roads were blocked. Snow plows had been put up for the winter, and it may be several days before a thaw will free the highways.

Airfield And Industrial Cities In Jap Homeland Being Steadily Hammered

SEAPLANE PLANT AT FUKAE IS HIT

By JOHN R. HENRY  
(U. S. Staff Correspondent)

GUAM, May 11.—American B-29 Superfortresses, winging out from their Marianas bases in their third Jap homeland mission with in twenty-four hours, blasted an airfield and two industrial cities on Kyushu Island today.

A force of about 50 B-29s made the day's third strike. Targets were the Miyazaki airfield and the cities of Miyakonojo and Nittagahara, listed as prime industrial targets.

Overcast skies prevented observation of results.

Hit Jap Homeland  
An estimated total of about 350 of the huge planes struck the Jap homeland during the day, almost equalling the record force of more than 400 Superfortresses which carried out assaults yesterday.

Mail targets in today's early attack carried out while fires still raged in bombed oil storage areas.

### Snow And Rain Storm Reported In New England

BOSTON, May 11.—(INS)—Hundreds of communities in New England were cut off from telephone communication today in the wake of a severe unseasonable snow and rain storm which took two lives and heavily damaged fruit and vegetable crops.

Weight of heavy, wet snow on the wires caused them to sag and break.

Presaging additional damage to hard hit green vegetables and orchards, the weather bureau predicted frost for tonight.

The New England Telephone and Telegraph company said more damage was done to communications in Maine than by any other storm in recent years. Six inches of snow fell there and from three to six in other sections of New England.

### News Out At Noon Saturday

In line with a program followed by papers in various sections of the nation, observance of V-E Day for employees of The New Castle News will occur on Saturday afternoon. Newspaper employees were unable to relax on V-E Day, being held to their posts, and a half holiday will be observed on Saturday, sort of a delayed V-E Day. ### Expect Churchill And Truman Will Have Conference

By THOMAS WATSON  
(U. S. Staff Correspondent)

LONDON, May 11.—An imminent meeting of Prime Minister Winston Churchill with President Harry Truman in Washington to settle the main problems concerning prosecution of the war in the Pacific was predicted today in London diplomatic circles.

Informed quarters meanwhile believed that Japan, presently buffeted by forceful United States assaults and faced with early attack by the full weight of Britain and American forces released from European combat, would consider peace proposals.

No Peace Move  
There was absolutely no indication, however, that Japan had made any direct overtures or attempted to make exit from the war due to the military demise of Germany.

These quarters at the same time said that Soviet Russia is not expected to enter the fray against Japan, although Russia wants a share in Far East territory after the conflict is finished.

Although it is believed in diplomatic circles in London that the Japanese would consider peace proposals, Russia was not expected to be able to embark on any war against Japan.

However, these quarters intimated, the Soviets certainly would expect a share of Japanese territory outside of the home islands proper.

Washington, May 11.—The White House said today that it "knows nothing" about reports from London that President Truman will confer soon with Prime Minister Winston Churchill.

GUAM, May 11.—Okinawa's capital city of Naha lay but 1,000 yards ahead of the Sixth Marine Division today after the slugging Leathernecks bridged and crossed the Asa estuary in the face of Jap "human bomb" resistance.

Units of Maj. Gen. Thomas E. Watson's Leatherneck division forced a crossing of the stream and held firm despite all enemy attempts to destroy the hastily erected bridge.

### Smaller Nations Get Much Power In Conference

Two-Thirds Majority Vote Required For Adoption Of Security Charter Provisions

By WILLIAM K. HUTCHINSON  
(U. S. Staff Correspondent)

SAN FRANCISCO, May 11.—The smaller United Nations held a commanding voice today in the drafting of a new world security charter through a conference ruling requiring a two-thirds majority for adoption of any part of it.

This decision lodged in Latin America's twenty states—or in any group of seventeen small nations—was an actual veto power over the deliberations to create the peace organization of the future.

Need 33 Out Of 49 Votes  
The "Big Five" sought vainly to exempt the original Dumbarton Oaks formula and their own amendments from the two-thirds majority rule but failed. Now they must win thirty-three out of 49 votes in the conference to retain any of the great powers they assigned to themselves for the security of the world.

Conference commissions and committees, holding day and night sessions, made slow progress on the two highly controversial issues of trusteeships and regional arrangements.

### Czechoslovakia Scene Of Final Fighting Of War

Believe German Leader Seeking To Reach American Lines To Escape Russians

By NATALIA RENE  
(U. S. Staff Correspondent)

MOSCOW, May 11.—The last bitter fighting of the European war raged in Czechoslovakia today where the Russian high command said that German troops had violated surrender terms by attempting to withdraw to the west.

Moscow blamed Field Marshal Ferdinand Schoerner, commander of Nazi troops in the 9,000 square miles the Nazis hold in Czechoslovakia, for refusing to comply with capitulation terms.

May Seek To Reach U. S. Lines  
Since the Russians list Schoerner as a war criminal, he may be attempting to reach American lines in a vain hope of escaping Soviet vengeance.

"In view of this"—the charged violation—the Soviet communiqué said, "troops of the First Ukrainian front attacked Schoerner's troops."

The Russians said that German troops commanded by Gen. Woerner also had not accepted surrender terms "by refusing to stay put and lay down their arms."

Gen. Andrei I. Yeremenko's Fourth Ukrainian army joined Marshal Ivan Konev's First Ukrainian in the drive to liberate Czechoslovakia.

Konev's men captured 15 towns.

### Japanese Lose Nearly 2,000,000 Tons Of Shipping

By JOHN CASHMAN  
(U. S. Staff Correspondent)

MANILA, May 11.—The noose was drawn tighter around isolated Japanese bases in the southwest Pacific today with the disclosure by Gen. Douglas MacArthur that almost two million tons of enemy shipping have been sunk or damaged since January 1 by the Allied aerial blockade of sea lanes.

MacArthur's communiqué reported the almost complete disappearance of Japanese surface craft from vast areas of South China and Pacific waters, confirming indications that enemy garrisons in the stolen eastern empire have been cut off from their homeland and denied sorely needed supplies.

"Only sporadic traffic is now attempted," MacArthur declared in the communiqué, which listed 19 additional Jap vessels destroyed or damaged in far-flung aerial strikes from Formosa to Java.

These vessels were added to the 1,892,082 tons of Jap shipping sunk or damaged since the first of the year.

American ground forces in Philippine battle areas, meanwhile, continued to hack away at stubborn Jap defenses.

NEW YORK, May 11.—(INS)—The Tokyo radio reported that nine torpedo planes had attacked Japanese ships off the southern coast of Korea today.

In a domestic broadcast recorded and translated by the FCC, Tokyo quoted a communiqué from Japanese army headquarters on the occupied peninsula as saying that the captured planes had first appeared over the Korean coast at about 10:40 a. m. (Japanese central time).

The raiders flew "in single units or in units of several planes," the communiqué said. All disappeared by 1:30 p. m. (JCT).

"Our damages were negligible," the Japanese communiqué insisted.

## STIMSON ANNOUNCES PLAN OF BIG POWERS FOR GERMAN CONTROL

nounced the organization which will handle the defeated enemy's territory until a democratic government can be established.

While proclaiming it to be a part of the machinery established at Yalta, Stimson's outline did not reveal whether the allied control commission would have its headquarters in Russian occupied Berlin, as the Yalta declaration provided. Nor did it set forth the geographical limits of the United States zone of occupation.

Work Out Plan

The statement said that for many months the governments of the United States, Britain, Russia and France had been working on plans for the occupation of Germany. Their purpose, it was said, was to impose a "stern" military government on Germany. It said:

"It was announced in the Yalta declaration, Germany will be governed through a control council in which each of the four powers (the United States, Britain, France and the Soviet Union) will be represented."

"General (Dwight D.) Eisenhower will be the representative of the United States on the control council of Germany." Each power will administer a zone of Germany under the control of a military commander. The United States zone will be controlled by General Eisenhower as commander-in-chief of the United States forces in Germany.

Lieut. Gen. Lucius Clay, who previously was deputy director of war mobilization and reconversion will serve as Eisenhower's deputy on the council.

The Stimson plan provides for the establishment of a group control council, divided into 12 divisions paralleling the 12 divisions of the German central government. They will control the American occupation zone and will represent the American interests in the control council for Germany.

## COAL RATIONING PLAN EXPLAINED

(Continued From Page One)

order is to be placed—but in no case shall it be more than 80 percent of the supply burned last year. Declarations must be filed before May 15.

According to a regulation, a dealer is prohibited from delivering and a consumer is prohibited from receiving before September 1, more than 50 percent of the consumer's normal annual requirements.

The meeting, opened by Mayor John F. Haven and turned over to Mr. Johnson was immediately made a question and answer session and important points developed as follows:

Record To Be Studied

A consumer will receive 80 percent of the amount received last year.

A. If he bought coal from two or more dealers last year he must file a declaration with each. His statements must be in their records and each dealer will be required to provide him with 80 percent of the amount sold the consumer.

B. If he desires to give all his business to one dealer he must file a declaration with that dealer, stating the amounts he received from other dealers and this information will be given by the dealer to the committee formed by local coal dealers. The committee which has been already named the "Screening committee" or "Screeners" will compare the statement with the records of the dealers then approve or disapprove, the main purpose being to see that the consumer gets 80 percent and no more than the amount, used last year.

Relative to coal bank operators, Johnson stated that it is the intention of the Solid Fuel Administration to have as much coal mined as possible. After the mine operator furnishes his 80 percent to a customer, he can take on more customers.

If a person has been buying coal from a trucker who, in turn, bought it from a dealer, and the trucker no longer is in business, the "Screening committee" will allot "his" coal to the dealer.

Guard Against Chiseling

Should the dealer from whom one bought coal last year have gone out of business the declaration should be made out and placed with the "Screeners" or local coal dealers association.

The declaration, as stated in the foregoing, must name the number of rooms in the home or place to be heated, hence if one attempts to chisel—state he used more coal than actually did, records will be compared, the number of rooms ascertained and the committee will pass upon the merits of the case, the entire idea being to provide every body with 80 percent and not give someone 100 percent and another person 60 percent.

Mr. Traggess of the OPA, Pittsburgh, discussed the base price with operators and carriers and Mr. Steenson, OPA enforcement division, explained that violations would result in punishment.

People can procure declarations now from dealers.

Flare-up Develops

A flare-up developed between Maxim M. Kalaw, Philippine cabinet minister, and British Lord Cranborne over Filipino Loyalties to the United States in this war. Lord Cranborne thought Kalaw was reflecting on the patriotism of some British colonies.

Kalaw told the committee that contrary to what happened in some other places, the Philippines, led by the United States and showed their loyalty in this war.

Lord Cranborne retorted that this could be only a reference to British colonies. He said he wanted to go on record as saying that "all British colonies acted with great loyalty to Great Britain in the war."

(Continued From Page One)

was the Kawasaki seaplane manufacturing plant at Fuka, largest factory of its kind in Japan. Fuka is situated between Osaka and Kobe on the main island of Honshu.

Also plastered with heavy explosives were the Oita and Suika airfields on Kyushu, southernmost island of the Japanese archipelago, from which the enemy air force has been sending planes to attack American shipping off Okinawa.

No Fighter Plane Opposition

Yesterday's record four-pronged smash at home airfields and Japan's vital homeland oil supplies

ignited towering fires with flame-shot columns of smoke rising 15,000 feet into the sky.

The mightiest armada of Superforts ever assembled, delivering the first attack of intensified aerial operations promised by America's Pacific war commanders, roared through heavy anti-aircraft fire over Thursday's targets but encountered no fighter plane opposition. All the B-29s returned safely to three bases in the Marianas.

The sky giants, with an equivalent striking power of more than 1,600 Liberators, concentrated on oil plants and storage facilities on Honshu and Kyushu and on airfields on Kyushu and Shikoku.

Meanwhile, reconnaissance photographs revealed that major damage was inflicted by Superforts in their first attack against the Hiro aircraft factory on Honshu May 5. Hiro is five miles east of the Kure naval base on Japan's inland sea.

### RECEPTION-TEA AFTERNOON EVENT

Mrs. Charles H. Johnson, Jr., of 905 Highland avenue entertained with a reception and tea at home on Thursday afternoon for her house guest and former schoolmate, Mrs. Earl Harris of Richmond, Ky. Although carried out with a simplicity in keeping with wartime, the event was a delightful one and one of the loveliest of the spring season.

Guests were received between the hours of 2 and 6 o'clock in the front living room of the home where a lovely arrangement of mixed spring flowers formed the background.

In the dining room where deep red tulips formed the centerpiece on the table, refreshments were served by candlelight. Mrs. Grace Phillips Johnson and Mrs. Charles Washington of Allison Park poured for guests.

Aides were Mrs. William D. Coburn, Mrs. Joseph A. Green, Mrs. Rebekah Reis McKee, Mrs. William W. Horner, Mrs. Clyde M. Whittaker, Mrs. C. L. Shira, Mrs. Thomas G. Lamore, Mrs. Clark H. Johnson, Mrs. William J. Hinkson, Mrs. Ralph A. Cooper, Mrs. Roger W. Rowland, Mrs. Stewart P. Poltz, Mrs. John Miller, Mrs. Paul Jarvis and Mrs. Thomas Johnson.

### RECENT BRIDES HONORED AT SHOWER

Mrs. Floyd Nowling, nee Dorothy Silvis and Mrs. Ernest Adamo, nee Margaret Stuard, were feted at a lovely post-nuptial shower party held by members of the New Castle Hospital School of Nursing graduate nurses staff on Thursday evening.

The party was held at the residence of Miss Josephine Peluso, 1514 Highland avenue, graduate nurse of the New Castle hospital.

Tables of cards and contests were in play during the evening by those attending. At an appropriate hour, the hostess served a dainty lunch with tiny basket favors marking places. Those aiding in serving were Olga Marotti, Helen Joki and Martha Acker.

Mrs. Nowling, the dietician of the New Castle hospital and Mrs. Adamo, graduate nurse of the New Castle hospital, were each presented with a lovely gift from the staff members in remembrance of the occasion.

Following the group assembled at the home of Mrs. Nowling, where her many other lovely wedding gifts were on display.

### SPEAKER HEARD BY JUNIOR CIRCLE GROUP

Junior Reading Circle members met in the auditorium of the Y. W. C. A. Thursday evening when they heard as speaker, Mrs. Stella Lee Peck of Pittsburgh.

Introduced by Mrs. Kenneth McClure, president, Mrs. Peck gave a delightful informal talk on "Charm and Personality."

A picnic is planned for June 5 at the home of Mrs. Fred Taylor of Pulaski, their next meeting date.

### BRIDE-ELECT GIVEN BIRTHDAY SURPRISE

A lovely surprise dinner party was given Thursday evening at a local tea room by office co-workers of Johnson Bronze Co. honoring Betty Ann Stritzinger, who is also a bride-elect.

During the informal social period, the honoree told of her wedding plans when she will become the bride of Frank L. Thompson, son of Mr. and Mrs. Robert Thompson, Knox avenue on July 25. She is the daughter of Mr. and Mrs. A. F. Stritzinger, 800 West Clayton street.

Luncheon was served at a suitable hour, and Miss Stritzinger was presented with a beautiful anniversary remembrance.

### MABEL WILSON LODGE ANNIVERSARY DINNER

Mabel Wilson Lodge, No. 567, was largely represented Wednesday evening when they met in the Eagles hall on South Jefferson street for a special dinner party. The event commemorated their 29th anniversary, and proved a decided success in every way.

After partaking of the deliciously prepared full course menu served at 6 o'clock at "V" shaped tables, an informal program was launched.

Twenty-year pins were presented to Mrs. Nancy Thayer and Mrs. Gladys Hackett. A lovely poem composed by Mrs. Jane Campbell, in tune with the occasion, was read as a dedication to the lodge. Special gifts were given Mrs. Martha Horchler, eldest mother present, and Mrs. Frances Johnson, who won the honor of having a son in service for the longest period. Door award fell to Mrs. Rose Doone.

A short business routine ensued, with a program of games ensuing. Prizes were awarded all participants.

Committee in charge composed of chairman, Mrs. Cora Fisher, with Mrs. Rose Alexander, Mrs. Nell Tribb, Mrs. Ann Hofer, Mrs. Jessie Reed, Mrs. Mary Ueber, Mrs. Genevieve Hutton, Mrs. Lila Thayer, Mrs. Minnie Ellgass, as her committee of aides.

Next meeting will take place May 25.

### TEXAS WEDDING OF INTEREST LOCALLY

Miss Laverne Otto, daughter of Mr. and Mrs. Karl L. Otto of New Wilmington, became the bride of Cpl. Thomas G. Porter of Fairlawn, Tex., according to word received here today. The quiet double ring ceremony was performed by the Rev. S. M. Kirker on Friday, April 26, in the parsonage of the Methodist church at Fairlawn, Tex.

Mrs. P. E. McCaleb of Riverside, Calif., was matron of honor and Donald Tripson of Fairlawn served as best man.

Following a reception was held at the home of Mr. and Mrs. Donald Tripson. Following a short wedding trip to Corpus Christi, Cpl. and Mrs. Porter will leave for Kinsman, Ariz., where Cpl. Porter is stationed.

The reception was held at the home of Mr. and Mrs. Donald Tripson. Following a short wedding trip to Corpus Christi, Cpl. and Mrs. Porter will leave for Kinsman, Ariz., where Cpl. Porter is stationed.

### TRUE BLUE CLASS HONORS MOTHERS

Members of the True Blue class of the Third U. P. church entertained their mothers and daughters at a delightful party Thursday evening in the church.

Pep singing was led by Mrs. Viola Leginsky and Nettie Mann. Mrs. Alberta Gay spoke on the subject, "A Christian Mother's Influence on an Empire."

Remainder of the program followed. "Toasts to the Mothers," Mrs. Mary Harper. "Toasts to the Daughters," Mrs. J. Wright, duet. Mrs. Marjorie Buttrick and Mrs. Isabelle Weyman; quiz, Ann Buttrick; readings, Dorothy Shaffer; and piano solo, Nettie Mann.

Each mother was presented with a red carnation. A lunch was served by the S. B. Copeland class.

### Cavalier Club

Mrs. Louis Mastrangelo, of Phillips street, will be hostess to the Cavalier club, Saturday evening in her home.

The club met recently with Mrs. Anthony Lagnese, of Pollock avenue, and the latter was honored with a hankie shower on her wedding anniversary.

Special guest was Mrs. Joseph Lagnese of Ellwood City and she received a gift. Card prize was captured later by Mrs. Frank DeMatteo.

Assisting the hostess in serving a dainty lunch later was Mrs. Joseph Bosco and Mrs. Sam Flora.

(Additional Society on Page Nine)

### STEPHENSON CIRCLE EVENING PROGRAM

May meeting of the Stephenson Circle of the First Methodist church was held Thursday evening with Mrs. William Neff, 419 Winter avenue.

Mrs. John Templeton reviewed the chapter from the study book in keeping with the theme "Mother's Day." Mrs. DeLace Cole gave a lovely reading entitled "Cameos," and Mrs. Bessie Pitzer read a poem, "To My Mother," written by 15-year-old A. T. Stewart, Jr., of Keystone, W. Va.

Announcement was made during business of the missionary convention to be held May 24 in Sharon. Mrs. Robert Meermans presided and devotionals were in charge of Miss Cordelia Roberts.

Dainty refreshments were served by Mrs. William Stimpert's group including Mrs. William Neff, Mrs. Charles Rheinhardt and Mrs. Walter Smith. Mrs. J. K. Heess will be hostess June 14.

MRS. A. PRIOLETTI  
B. A. DINNER HOSTESS

B. Arthur Prioletti, of Duquesne avenue, was hostess Thursday evening to members of the B. A. club, when they gathered in her home for a delicious ravioli dinner event.

Assisting Mrs. Prioletti, at the nicely appointed table were her daughter, Dolores, and Mrs. James Fenati.

Tables of 500 were in play during the evening, with high score trophies going to Mrs. Joseph Panella, Mrs. Tony Pia, Mrs. Raymond Cook and Mrs. Anthony Colalucia. The club token was won by Mrs. Amil Long.

The birthday of Mrs. Andrew Prioletti was honored, and she received a secret pal gift. Special guests were Emmy Lou Micco and Mrs. J. J. Dean, and they received hostess gifts.

On May 24, Mrs. Amil Long, will be hostess at the home of Mrs. Anthony Marino, Boston avenue.

### Zomhek-Litwinowicz

Miss Helen Zomhek, daughter of Mr. and Mrs. Frank Zomhek, 810 West Washington street, became the bride of Staff Sgt. Walter C. Litwinowicz, U. S. Marine Corps, son of Mrs. Alice Kubinski, 1705 Hanna street, on Sunday afternoon, May 6, at 3 o'clock, before a large group of friends in the Madonna church in Oakland, Rev. Fr. Edward Mainwaring, of Erie, officiating.

The couple of the bride performed the double-ring ceremony.

Dressed in a white satin gown and long veil with beaded tulle, the bride was given away by her father. Her strand of pearls was gift of the groom, and her bouquet was called "lilies and lilies-of-the-valley."

Mrs. Leora Zomhek, sister of the bride, was maid-of-honor, and Miss Helen Litwinowicz, sister of the groom, was bridesmaid. Both girls wore pink marmosette and carried pink roses and seven pink Stanley Boston was best man, and Peter Swartzki, usher.

The reception was held in S. S. Philip and James hall, after which the newlyweds left for Niagara Falls and Canada. On their return the groom will report to Camp Lejeune, N. C. for reassignment to duty. He has completed three years' service overseas.

The bride is a graduate of Union High school, and has been employed in the office of the Alumnae company of America. The groom is a graduate of New Castle High school, and before entering service was employed by the Golden Age company.

### 1937 Club Honor Member

At the regular meeting of 1937 club held in the Elks parlors Wednesday afternoon, the group honored one of their number, Mrs. Celia Young, with a special luncheonette commemorating her birthday anniversary.

The leisure hours were devoted to card-playing. Mrs. Chester Guxton and Mrs. Margaret Hartman winning the honor prizes.

Wednesday, May 16, a similar meeting will be held at the same place.

## Mothers, Daughters Hold Dinner Event At Union Thursday

Two Hundred Attend Banquet In  
School Auditorium: Men Of  
PTA Serve Meal

Two hundred mothers and daughters were present for the mothers and daughters' banquet in the auditorium of Union High school Thursday evening, when men of the Union township PTA served dinner to the group.

Toastmistress for the occasion was Mrs. Michael Bowden, with Mrs. W. J. McCune giving the invocation. Leona Plonka, a senior, gave the welcome to the mothers, and the toast to the mothers was given by Sally Roberts. Mrs. R. H. Roberts responded with a toast to the daughters. Music for the program was provided by Robert Rudesill, playing a piano solo; Patricia Goske, who sang a number, and by group singing conducted by Donna Parks, with Elizabeth Cooper as accompanist.

Miss Elizabeth Wallace, general chairman of the dinner, awarded the prizes which went to the oldest and youngest mothers, and to other special guests. The oldest mother present was Mrs. Alda Beyerly, and the youngest was Mrs. Gerwin Thomas. The mother and daughter whose combined ages were the most were Mrs. Alda Beyerly and Mrs. Paul Crum, while the mother and daughter whose combined ages were the least were Mrs. Michael Bowden and Peggy Bowden.

The mothers with the most daughters present were Mrs. Louis Rudesill and Mrs. Paul Crum. Roberta Thompson was the youngest daughter.

Committee members who had charge of making the spring-color favors were: Nora Lee Raymond, Florence French, Janice Bartley, Anna Marie Dudo, Charlotte Cumberledge, Esther Mae Cox, Rosemary Corro, Dorothy Linn, Betty Jones, Paul Curtis and Elberta Green.

Those who arranged for the place cards were Mary Ruby and Shirley Hassig, while Donna Bartlett, Jean Prock and Margery Rohrer planned the program. The ticket committee consisted of Alice Reynolds, Rose Navarra, Dolores Donley, Marie Veronesi, Erna Goodie, Helen Annarella, Donna Parks, Gladys Gritter, Mary Rae Bailey, Anna Marie Dudo, Pauline Curtis, Dorothy Mazek, Audrey Daugherty, and Irene Dubrasky. The large bouquets of spring flowers were arranged by Mrs. Charles Krause and Miss Erna Padon.

In the Dark Ages, after the fall of Rome, the rose was cultivated by Mahomet's followers in Spain. Chroniclers of the time wrote that in the gardens of Cordova and Seville there was grown a sky blue rose.

# THRILLING GIFTS for Your Mother!

## THIS SUNDAY IS MOTHER'S DAY

SOMETIMES the nicest things happen. This is one of those times when you can make it so. For years the best mother in all the world has been "so nice to come home to" when all was well or everything was dead wrong. For years she has given much when you have taken it all for granted. A mere bit of gift attention now cannot repay her for it all. To all sons and daughters—we make this sincere appeal: Don't forget your mother on Mother's Day, no matter what your remembrance. And if you can, be sure to visit her.

## Escaped Nazi Prisoner Held At Pittsburgh

Believe Man Captured On Porch Roof Is Camp Reynolds German Prisoner Fugitive

PITTSBURGH, May 11.—(INS)—A barking dog today led to the capture of an escaped German prisoner as he hid on the roof of Howard Boyle's porch in Ross township.

Police understood the prisoner to say he was Heinz Hozer, 24, and had been stealing his food since he escaped from Camp Reynolds seven days ago.

The police said, however, that he suited the description of Heinz Goize, 24, also of Camp Reynolds, who escaped for the third time May 1 while working in a New Castle plant.

When Boyle heard his dog barking, he looked out the front window and saw a man's legs dangling over the edge of the porch roof. The dog kept the Nazi prisoner at bay until William James, a neighbor, arrived with a pistol.

## Superforts Are Laying Mines In Japanese Waters

WASHINGTON, May 11.—(INS)—Gen. H. H. Arnold, chief of the 20th Air Force, disclosed for the first time today that B-29 Superfortresses have been laying mines over almost the entire field of the Pacific war, from Singapore to the Jap homeland.

Arnold reported that the Superforts have engaged in 19 mining operations altogether during the first 11 months of the 20th Air Force's history.

Included in the missions was the largest single mining operation ever undertaken by planes when in late March the 21st Bomber Command mined the coastal waters of western Japan in support of the landing on Okinawa. On this mission alone, the planes planted hundreds of tons of mines in enemy waters.

## German E-Boats Seek Surrender

LONDON, May 11.—(INS)—A squadron of German E-boats rendezvoused today off Felixstowe, on the Suffolk channel coast, for a formal surrender to British authorities.

More submarines have signalled English ports that they are approaching to surrender.

Regular Sabbath services at Temple Israel synagogue will be conducted this evening at 8 o'clock; the sermon to be a Mother's Day message by Rabbi Leo E. Turitz.

The religious school will be conducted Sunday morning at 10 o'clock in the synagogue.

dividual quota is put at \$3,690,000. This is far beyond the quotas of previous drives and it is going to take plenty of hard work, but I am confident you will all do your share."

Clarence M. England, chairman of the special events committee, then showed two war pictures, "Midnight" and "Two Jims". Chaplain (Captain) Raymond S. Hall, the "Jumping Parson" of the 101st airborne division, was the first speaker introduced. He pleaded for the workers to exert every effort to put this campaign over for, said he, "those men on the other side want to come home. The money must be raised and the sooner you do your job, the sooner they will do theirs."

Chairman W. Walter Braham Judge W. Walter Braham, county chairman, was introduced and reminded the workers that they had a job to do if they expected the men at the front to their jobs. "We can't do the impossible like the men in the armed forces," said he, "but we can do our part here at home. There are some who have not done their share in the home front effort, but I would remind them that to us has been handed a task and that task must be accomplished."

Another film "Music in the Skies" was shown by Mr. England, the crowd sang one verse of "The Star Spangled Banner" directed by William McCombs and the benediction was pronounced by Rev. S. S. Bennett, pastor of the First Christian church.

It was the opening gun of the solicitation for war bonds. The pay roll deduction plan has been in progress for some time but on Monday, May 14 the campaign will start in the city and county starts.

and 35,000 Germans in the past two days, the communique said. Some of Field Marshal Schoerner's troops surrendered en masse, it declared, in "disorder."

Push After Germans The Fourth Ukrainian army pushed after the Germans and took 14 Czech towns and 20,000 prisoners in the same period.

Marshal Rodio V. Malinovsky's Second Ukrainian army opened an offensive against Wehrmacht's German, the Soviet dispatch said, and freed nine towns taking 8,000 prisoners.

Elsewhere throughout the Russian occupation zone, orderly surrender of German troops was reported.

In the vicinity of the long cut-off German pocket on the Courland sector of Latvia, the Nazis gave themselves up in thousands. At latest reports, 68,578 enlisted men, 1,982 officers and 13 generals of the German Wehrmacht have surrendered.

Danzig Yields 55,000 Another German pocket near Danzig yielded 55,000 German prisoners to the Second and Third White Russian armies, Moscow said, including the commander of the German Second army, General Von Hauken.

London, May 11.—(INS)—A military commander in Prague reported today, according to the Prague radio, that there no longer is any German resistance in the Czechoslovak capital.

The liberation of remaining areas of Bohemia was said to be proceeding swiftly with the Germans withdrawing the major part of their forces toward Pilsen.

national income. In view of the fact that lend-lease shipments do not represent actual exchange of commerce and that they are paid for out of the Federal Treasury (except for receipts under reverse lend-lease), it is evident that our remarkable prosperity during 1943 was due almost entirely to domestic consumption.

It is true that in certain products the difference between a sound domestic price and an unprofitable domestic price lies in the disposal of potential surpluses by export; this is notably true of agricultural products, such as corn, wheat, cotton and wool. It is within the scope of good business to provide credits to European nations for the purchase of such products, as they are necessary to the survival of these nations. Extension of vast and indiscriminate credits, however, on the theory that we have to finance other nations, in order that they may be export consumers of our industrial products in general, seems to be placing too much emphasis on foreign trade as a prosperity factor.

It is expected, of course, that the rebuilding and rehabilitation of many war-ravaged countries in Europe will make heavier demands for a great variety of American industrial products. But it certainly would be delusive to have to buy this export business by such huge government loans and private credit as some of our planners are now contemplating. Reasonable aid, to start the process of recuperation and lay the groundwork of self-support, would be good business as well as good morals. But any plans, for assuming a Lady Bountiful role to the world at large, on the assumption that the foreign commerce thus generated would be vital to our prosperity, will prove to be a delusion and an extravagance.

**QUISLING'S FATE**

Vidkun Quisling, puppet premier of Norway during the Nazi occupation, today was about to pay the price for betraying his country.

By the laws of the country which he himself flouted, he was granted the privilege of public trial, although his guilt is known to the whole world and his name everywhere is a synonym for the most

craven form of treason. He is foredoomed to a traitor's death.

A Nazi at heart, he was a Norwegian by birth only, claiming Telemark province as the place of his nativity on July 18, 1887.

Although of peasant stock, he early proved a brilliant if over-ambitious student. After his student days he joined the Norwegian army and pushed himself through rapid advancements.

His all-consuming ambition naturally led him into politics and by 1931 he became minister of defense in the Farmers' party administration. Ironically, one of his major contributions while in that post was assisting in the prosecution of the country's disarmament program.

Subsequently, to boost his fading political fortunes, in 1933 he organized the Nasjonal Samling party. The new party did not appeal to most Norwegians—but the invading

Nazis liked it and made him chief of the puppet Norwegian state.

For what happened in Norway after that, Quisling is now receiving his reward.

**BOND CHAMPS**

FAIRMONT, W. Va.—(INS)—Coal miners and company officials of Fairmont's Consolidation Coal company were really "behind the man behind the gun" in the sixth war loan drive, according to the tabulation of bonds purchases made by William H. Doolittle, vice president in charge of operations. Approximately 2,000 employees together with company purchases invested over \$300,000 in bonds, or better than \$120 per employee, Doolittle pointed out.

**I JUST KNEW YOU WERE A THOROUGH HOUSEKEEPER!**

**YES, CLOROX-CLEANING IS IMPORTANT...IT HELPS PROTECT HEALTH!**

**THE USE of Clorox in cleansing adds to your reputation as a good housekeeper. For Clorox cleansing is recognized by health authorities as an efficient and simple method of making home "danger zones" sanitary. And such added sanitation is an important phase of housekeeping, especially now due to the shortage of civilian doctors and nurses. Clorox disinfects, also deodorizes, removes stains. Use Clorox in routine cleansing...for added health protection.**

**Sanitary Bathrooms! Why take unnecessary chances with infection dangers. Clorox makes tile, enamel, porcelain, linoleum, wood surfaces hygienically clean.**

**CASTLE OWNED BY RIBBENTROP STANDS VACANT**

Foreign Minister Absent From Austrian Castle He Seized From Jewish Owner

By PIERRE J. HUSS (U.S. Staff Correspondent)

PUSCHL, Austria, May 11.—A four-story castle on the shore of crystal-clear Lake Fuschl reflecting the Austrian Alps some 20 miles due east of Salzburg stands empty today and the whereabouts of its owner make an intriguing secret.

The lavish, elaborate place is or was owned by Joachim Von Ribbentrop, German foreign minister under Adolf Hitler. Just where he has gone, no one knows.

I leaped into Fuschl from Saalfelden after talking to captured Field Marshal Albert Kesselring. From the moment we came into the park-like grounds of the estate the air of mystery that always hung about Von Ribbentrop was an evident, almost tangible thing.

I couldn't shake off the hunch that somehow or other he was not far away.

Five years today in Berlin's foreign office, Von Ribbentrop summoned the foreign press to make the cold-blooded announcement that Hitler had invaded the lowlands and France on a thinly-fabricated pretext.

Now Von Ribbentrop is one of those hunted Nazi fugitives bound to fall into our hands sometime unless he commits suicide.

On the estate I found six German foreign officials, headed by Werner Von Schmieden, poker-faced departmental staff member who expressed the opinion that Von Ribbentrop "probably is somewhere up north."

Von Schmieden asserted that Von Ribbentrop continued to function in Berlin until April 4.

Von Ribbentrop "acquired" his Fuschl castle after it had been taken by the Nazi-controlled Austrian state from its Jewish owners.

**Shenango School Will Be Scene Of Colorful Comedy Of Old Spain**

Belle Of Barcelona' Will Be Given In School Auditorium Thursday Evening, May 17

Bringing more color and romance to a school stage than this community has seen for a long time, Shenango high school students will present "The Belle Of Barcelona," a musical comedy with the setting of a Spanish town on fiesta day in the school auditorium Thursday evening May 17, at 8:15.

Highlighting the singing will be the voices of Dolores Bruno, Carl Granato, Catherine Sager and Merle Zeigler, who will add romance to the celebration of the torero's victory in the arena. Jean McCouahy as an English governess, and George Tervo as a red-headed Irish cop who is mixed up in the Spanish festival, provide an abundance of comedy during the performance.

Every good play has a villain, and Anthony Sarbo promises to do justice to his role as a scheming Spaniard. Supporting these players are Carl Almes, Lois Mellicham, Wesley Fombelle, Phyllis Smith, Gladys Feil, Dale McKisick and John Cochran. Jack Belder will take the part of the captain of a company of United States marines, and the Spanish students flocking through the opera are all members of the mixed chorus.

Authentic costumes, complete with mantillas, castanets, cloaks and marine uniforms will brighten the stage, while accompaniment will be provided by Ann Paton and Carolyn Cox, the pianists.

This unusual program will be under the direction of Miss Margaret Combeador of the speech department and Chester Kyle, instructor in music at the school.

A herd of 70 deer was released on the Reynolds estate, in Surry county, N. C., in 1934. Today it numbers 700.

**Clutton Drug Co. Now Under New Management**

**M. CHARLES BEES**

Announcement is made today, The Clutton Drug Co., at 226 East Washington street, one of New Castle's oldest and most reliable firms, will continue to serve its patrons under the new management of M. Charles Bees, 1002 North Mercer street, a licensed druggist well known in this locality, and Clare R. Lutz, West Sheridan avenue, who has been affiliated with the firm for a number of years.

Now retired due to ill health, Mr. P. L. Kerr of 1908 Highland avenue has conducted The Clutton Drug Co. on an efficient and friendly basis for the past 27 years, and is responsible for its prescription department, founded on accuracy and promptness. This reputation will be upheld to the fullest by the new management.

Mr. Bees, a graduate of New Castle High in 1928, graduated from the University of Pittsburgh in 1932 where he received his Ph.D. degree. He has served as a druggist in this vicinity since 1930.

Clutton's have also won a reputation for their delicious ice cream made fresh daily, and popular "Snack Bar."

Both Mr. Bees and Mr. Lutz invite their friends and the public in general, to drop by and enjoy "Clutton's friendly service."

## Elks To Honor Mothers Sunday

All Mothers In Local Hospitals Will Receive Bouquet, Following Out Annual Custom

Following out their annual custom of presenting every mother confined in the two local hospitals with a bouquet of flowers on Mother's Day, New Castle Lodge of Elks is making preparation to observe the occasion on Sunday.

Every mother confined in the hospitals here, regardless of age, color, or creed, will receive a beautiful bouquet, Chairman Edward J. Ryan stated today.

In addition, each lady residing at the Almira Home will receive a rose from the lodge.

## FAIR AND COOL: WEATHER OUTLOOK

PHILADELPHIA, May 11.—(INS)—Fair and cool today and tonight with considerable cloudiness and warmer temperatures Saturday was predicted today by the weatherman for Philadelphia and vicinity.

Precipitation in the last 24 hours was .95 inches and temperatures ranged from 60 to 43 in Philadelphia, the weatherman reported.

Other temperatures recorded: Atlantic City 58-42, New York 56-42, Washington 61-42, Chicago 54-35, San Francisco 62-50.

## Hard Coal Miners Still On Strike

WILKES-BARRE, Pa., May 11.—(INS)—The strike of 72,000 miners in Pennsylvania's hard coal fields went into its eleventh day today as operators and union officials remained deadlocked on a new contract.

More than two million tons of the vitally-needed anthracite have been lost to date, Solid Fuels Administration agents estimated.

The miners walked out April 30 when their old contract expired and was not replaced by a new one. War Labor Board and Solid Fuels Administration directives, ordering the men back to work, fell on deaf ears as the miners clung to their traditional policy of no contract, no work.

Meanwhile, three-way conferences in Washington among the operators, United Mine Workers representatives and Solid Fuels Administrator Harold L. Ickes, reportedly bogged down without any sign of a forthcoming working agreement.

Pfc. Ketchel has been in service since October 1941, and went overseas in January of this year, where he was serving as a machine gunner in the seventh army.

## NAZI GAULEITER OF SUDETENLAND COMMITS SUICIDE

LONDON, May 11.—(INS)—Konrad Henlein, Nazi gauleiter of the Sudetenland, who was taken prisoner by United States forces, was reported today by a Reuter correspondent with American forces to have committed suicide.

Henlein was said to have taken his life in a prisoner of war cage yesterday by slashing his wrists with a razor blade.

## Suspected Bank Robber Captured

NEW YORK, May 11.—(INS)—The second member of an alleged bank bandit trio which held up a Washington, D. C. bank and stole \$24,647 in broad daylight was under arrest today.

He was identified as Charles J. Skiskowski, 44, and will be arraigned today in federal court.

Skiskowski was arrested by FBI men while sitting at the sidewalk of a city friend.

One of his alleged companions in the Washington bank robbery was Joseph McCann, 48, who was killed last week while resisting arrest.

It is commonly, but erroneously supposed that the familiar proverb "Spare the rod and spoil the child" occurs in the Bible. The nearest thing to it however, in the Bible appears in the 13th chapter of Proverbs, viz., "He that spareth the rod hateth his son."

## No Change Here In Employment Controls

PHILADELPHIA, May 11.—(INS)—No changes yet, was the comment of local WMC representative George R. Gettings, in speaking of the Paul McNutt statement that employment controls in group II areas would now be optional.

Mr. Gettings is planning to confer in Pittsburgh next week with Patrick Egan, head of the area. If there is any change it will probably not come until after the first of the month, and will probably affect only a few people.

As some of the war material produced here was designed exclusively for use in the European theater, it was the change to production for the Pacific war, may mean that some workers will be laid off for a while. I may be wrong, but from indications now, the slack period will be of short duration and the need for manpower will continue, Mr. Gettings asserted. "I would advise all workers to hold on to the jobs they have now for some time to come."

New spark plugs were the only repairs necessary for 12 typical army ordinance M1 tank destroyers, which traveled 2,000 miles, most of the time in action, without a breakdown.

## Plans For Observance Of Mother's Day Locally Are Many And Varied

What will it be—flowers or those new gloves with the hands that come off, or cosmetics, or should you hunt for candy? For it's Mother's Day again—the 38th Mother's Day to be exact. The first lady of every house gets a few hours of credit on this day for the meals she's cooked, the sore knees she's bandaged, yes and the disciplining she's given during the rest of the year.

First In 1907  
According to the now-familiar story, Miss Anna M. Jarvis of Philadelphia decided that a special church service and maybe a flower or two wouldn't be too much to offer to the mothers of the community, so in 1907 the first Mother's Day was arranged. Within the next four years, Miss Jarvis' idea spread to every state in the union, to Canada, to Mexico and South America, to China, to some of the islands of the sea, and believe it or not, to Japan.

In December, 1912, the idea was big enough to bring forth an international association, incorporated at that, and in 1914 congress designated the second Sunday in May as a national holiday. It even rated a presidential proclamation by President Woodrow Wilson.

Carnation Symbol  
Eventually the white carnation, which was the first symbol of the day, moved over to make room for the red carnation which became symbolic of the living mothers. The white flower, however, remained expressive of those who had died.

It wasn't too long before mothers began receiving gifts from their appreciative offspring, and probably the most perennially popular of all gifts are the reproductions of Whistler's famous painting of his mother. Prints of this portrait have gone into the millions since it was first exhibited as "An Arrangement in Grey and Black" in London in 1872.

Not New Idea  
This idea isn't new—honoring the idea of motherhood. Far back in the history of the ancient Greeks, Cybele, the mother of the gods, was worshipped with secret rites in wooded glades and damp caves. The Romans, who copy-catted a good many other ideas from the more original-minded Greeks, took over the idea of worshipping the spirit of motherhood also, and held what was called the festival of Hilaria—a rather lively affair which began on the 1st of March and lasted for three days.

To Remember Mother  
But these older festivals, honoring a supernatural spirit, were very different from our modern way. To-

day's Mother's Day is much more material, and even commercialized, but also it is much more human. Boys stationed somewhere several thousands of miles away have already telegraphed their orders for flowers, and stores at home are being raided for something which the mothers can hold as a definite material symbol of affection.

Victory in Europe will mean a happier Mother's Day for hundreds of New Castle women, but for others the day will be forever sorrowful. Perhaps President Truman could not have chosen a more fitting day to designate for the national day of prayer, because it will be a personal day of prayer for so very many.

## Navy Announces Loss Of Two Ships

One Support Landing Craft, One Mine Sweeper Lost In Past Seven Months

WASHINGTON, May 10.—(INS)—The navy department announced today loss of one large support landing craft and one motor mine sweeper in the Pacific during the past seven months.

Loss of the two vessels brings the total number of U. S. ships destroyed since the beginning of the war to 306.

The landing craft LCS (L) 3-26 suffered damage that resulted in her sinking in the Mariveles Bay action while participating in the recapture of Bataan and Corregidor, the navy said.

She was commanded by Lt. Herbert Chernin, 1801 Beverly Rd., Brooklyn, N. Y., who was wounded. There were 35 casualties.

Motor minesweeper YMS-71 was sunk in the Tawi-Tawi operation off Palawan in the Sulu Sea.

Her commanding officer was Lt. Ernest O. Saltmarsh, of Pensacola, Fla. He and five other members of the crew were wounded while two men are listed as missing.

Learn how science helps to make the face younger

The skin of your face and throat! Is it ageing, losing its beauty? If so, try scientific ENDOCREME. For most women, ENDOCREME... with its 7-year record of success... gets results hitherto thought impossible. For it improves the skin itself, not merely its superficial appearance. Only ENDOCREME contains ACTIVO!™. This ACTIVO!™ is a scientific counterpart of a natural, skin-vitalizing substance... a substance that diminishes with advancing age. When you apply ENDOCREME it is absorbed under the skin's surface to compensate for this loss, to firm tissues and rebuild cells. Thus the skin tends to become fresher, firmer, smoother, more youthfully beautiful again. Isn't this the best way you can invest your cosmetic dollars? Many report truly exceptional results in only 30 days.

## Five Local Men Meet In France

(Special To The News)

A NINTH AIR FORCE BOMBER BASE, France—Five New Castle, Pa., service men recently held an impromptu reunion at a ninth air force base in France. Cpl. Paul B. McCandless, 365 North street, assistant to the chaplain of the 410th light bombardment group, was touring the widespread installations of the airfield surveying morale conditions when he found that four New Castleites, all old acquaintances, were manning searchlights dispersed around the base.

The quartet consisted of Sgt. John E. Thompson, 401 West Madison avenue, T-4 James R. Newell, 1018 East Washington street, T-5 Dominick Aluisia, 765 Harrison street, and T-5 David P. Doran, 942 Marshall avenue. With the exception of T-5 Doran, who attended St. Justin high school, all are graduates of New Castle senior high.

### SEEDS AND SKINS

It seems that in our use of the various fruits, vegetables and melons we waste some of the valuable parts.

The skins and seeds of many of these things contain substances which are highly beneficial.

If the foods are eaten raw, it is necessary that the skins be carefully and thoroughly washed.

Some people like melon seeds as well as the pulp. A real apple fan eats skin, core and seeds.

The seeds may be hulled and added to the mashed squash.

It is a good idea to eat the skins of boiled or baked potatoes if you can.

Peeling tomatoes, carrots and cucumbers probably takes away a large part of their value.

According to the 1930 census, more than 30 million people, or approximately 25 percent of our entire population, lived on farms.

## Bar Allied Papers Magazines, Business From Germany Now

WASHINGTON, May 11.—(INS)—OWI Director Elmer Davis said today that all Allied magazines, newspapers and business enterprises will be barred from Germany for an indefinite period during the occupation of the Reich.

Davis told newsmen that the action was being taken to guarantee the "orderly" restoration of the devastated German nation.

"The reason is quite simple," Davis said. "Germany is a sick man. Right now he can have only what the doctor prescribes. Later on he will have a more ample diet."

# Says School System Needs Reformation

By ROGER W. BABSON  
(Copyright, 1945, Publishers Financial Bureau, Inc.)

BABSON PARK, Mass., May 11.—We shall be passing up vast opportunities for national advancement if we now fail to capitalize our recent lessons on how to educate.

mean the lessons which have been taught to us by the new techniques of training men and women for war. It is true that civilian education is aimed at peaceful objectives. As commonly practiced, the most popular courses are the so-called "outside activities" although most of them are non-educational. I refer to jigger-bugger, juke-boxing and these graver pastimes which may not be immoral, but surely are a facsimile thereof. In military training, the purpose is "How to win and come back alive". Nevertheless, the two educations (civilian and military) can be alike in attitude, even if unlike in subject matter.

The famed super-speed and ultra-efficiency of military training are not to be explained by mere mechanical methods alone. Stroboscopic or slow-motion pictures, models in miniature, high-pressure coaching, pocket-size texts—these modern boosters are worthy of attention by every school committee. The inner difference, however, which puts Army and Navy training long miles ahead of our horse-drawn public schools—is the superior build-up of educational attitude.

**Raising the Mental Age**  
In the schooling of the armed forces, both trainees and trainers are consciously dealing in life or death. However immature in years, the servicemen are quick to feel the adult attitude of those who learn their lessons "under live ammunition". This "adult attitude", this precocity of maturity, is what makes military instruction click and tick. Our public schools should duplicate, in peacetime, this wartime attitude to raise the mental age.

When we extend the range of education to cover maturity, we automatically increase the power of education and tap its unexplored and undreamed possibilities. The surest way to raise the standard of living and true security is to raise the average "mental age" of the population. Hence, another way to raise this average mental age is to encourage adult education. This requires supplementing our present public school system with new adult educational systems.

## School System Needs Reformation

Our school system in its juvenile branches offers alluring possibilities of reformation. Speaking brutally, but realistically, most of today's schools—under the joint influence of hardheaded politicians, soft-headed sentimentalists and empty-headed parents—are a mess. That the school certificates of graduates are traditionally engrossed on the skin of the sheep seems grimly fitting when we look up the I. Q. of this self-regimented animal!

Yet, unfortunate is the fate of those of us who seek to reform the schools. The prospective controversy, resistance, obstruction and reaction are shocking to behold. The possibilities of reform are alluring, but the path of reform is appalling. It may be better to leave the schoolmen to stew in their own juice for awhile longer and turn attention to development of adult education. But I will say more about Adult Education next week.

## Importance of Adult Education

In countless camps all over the world, it has been demonstrated that boys and girls become men and women most promptly and most surely when the mark of an educated man or woman is not a diploma but a dogtag. I foresee that my realism will shock the sentimentalists, but the statement stands.

Yes, the double failure of the antiquated public school system is that it results in delayed maturity of the virtues, while prompting precocity in the vices. It is hopeless to re-organize the schools, there is high hope to organize adult education. It could, it might, it may become America's outstanding contribution to world security. Surely, we can educate for life as efficiently as we educate for death.

## Urges Change In Succession To Presidency

HAZLETON, Pa., May 11.—(INS)—A change in the procedure of succession to the American presidency was advocated today by former Postmaster General James A. Farley.

Under the present system, he pointed out before the Hazleton Chamber of Commerce, a vice-president is able to choose his own successor regardless of the wishes of the electorate. The secretary of state, a White House appointee, under the present traditional setup is next in line for the presidency.

Farley urged immediate appointment of a commission, to include congressmen and possibly a supreme court justice, to formulate a new procedure and a constitutional amendment, if required, to legalize the commission's recommendations.

## France Wants To Fight In Pacific

French Minister Of Finance Enlists Aid Of President Truman

WASHINGTON, May 11.—(INS)—Rene Pleven, French minister of finance, today requested President Truman's aid in securing participation of French troops in the war against Japan.

"We desire to fight the war in the Pacific, not only because of our situation in the Pacific, but to show that war is inadvisable," Pleven told reporters after his conference with the president.

"We have two divisions ready to fight at the present time. That is about 30,000 men. Transportation and equipment is necessary if these men and the others who will volunteer are to be sent to the Pacific."

The French finance minister indicated that President Truman was sympathetic to his request for aid in transporting and equipping French troops.

## No More German Prisoners Will Be Sent To America

WASHINGTON, May 11.—The shipment of German prisoners of war from Europe to the United States stopped on Monday.

In reporting this, General Brehon Somervell, chief of army service forces, also said that the War Department had asked General Eisenhower to make arrangements for

returning Axis prisoners to Europe.

He said the Army desired to move them out as fast as possible, although he noted that a number of them were employed on farms and that some arrangement would have to be made in this connection.

Italian service units, composed of former Italian prisoners of war who volunteered for non-combat work to aid the Allied war effort, will be given priority, Somervell said.

Crews of 45 men were ordered out two nights, he said. In addition, Drosens explained, eight trucks, one sweeper and one flusher were out Tuesday night and 10 trucks, two sweepers and two flushers Monday night.

## TRAINING FILMS

PITTSBURGH — (INS) — Nearly four and one-half million people have viewed films made by United States Steel during 1944, company officials announced. Many of the corporation films were made for war-time training and close to a million people in industrial war-training classes "have gone to the

movies to learn" about steel. With many of the films being in foreign languages the foreign distributors in 1944 accounted for showings to nearly 350,000 people, he explained.

## WMC Controls To Become Flexible

Controls Remain Till V-J Day; Reconversion To Take Up Employment Slack

By EARL MARCKRES  
(U.S. Staff Correspondent)

WASHINGTON, May 11.—WMC Chairman Paul V. McNutt today announced a streamlined plan, effective July 1, to insure flexible control of manpower for war production and civilian reconversion programs until V-J Day.

After July 1, group 1, where all present manpower controls will be retained, will be designated acute labor shortage areas. Maintenance of controls will be optional in group 2 and completely eliminated in groups 3 and 4.

Drop And Then Increase

The number of group 1 areas will drop sharply in the next three months, due to production cutbacks, McNutt said, but are scheduled to increase when reconversion gets underway.

"Although the European phase of the war is over," McNutt declared, "general relaxations of manpower controls are not in prospect until Japan is defeated."

Prior to July 1, manpower controls, which include employment stabilization, employment ceilings, priority referrals and the 48-hour week, will be retained in groups 1 and 2. They may be lifted at any time in groups 3 and 4.

Open Referral Cards

If unemployment appears during this transition period in groups 1 and 2 prior to the reclassification of areas, McNutt explained, WMC directors may immediately issue "blanket" or open referral cards. These cards permit workers "to accept any job."

Certificates of availability will be required for group 1 and 2 workers during this period. After July 1, statements will be mandatory in group 1 and optional in group 2.

McNutt estimated that unemployment in the next 12 months will total about two and a half million, compared with one million at present. Many workers, he said, will be

absorbed rapidly by war and civilian reconversion industries.

Other highlights include:  
1. All applications involving increases for civilian production are being reviewed, except for all small firms and larger industries in groups 3 and 4.

2. The 48-hour week will be revoked in the steel industry and retained for other labor-short programs, such as textiles, logging, lumbering and non-ferrous metal mining.

## Woman With Two Husbands Seeks For Forgiveness

Wants To Return To First Husband Who Had Been Reported As Killed In War

By JEAN ROSS  
(U.S. Staff Correspondent)

CHICAGO, May 11.—Mrs. Helen Goad, who found herself married to two war heroes when her first husband came back from the dead,

was on her way home to Portsmouth, O., today, hoping that her first husband would forgive her.

"Even if Lieutenant Goad doesn't want me there can be no other man," she said quietly. "The hardest part of all this is that at the one time in his life when Harold needs me most, I cannot be at his side."

Lieutenant Goad, a flier, was found alive in a hospital when the British retook Rangoon last week. Mrs. Goad married Ensign Robert McDowell last December. She said the lieutenant, who was reported officially killed in action October

14, 1943, had told her to remarry if he died.

The 23-year-old woman married Lieutenant Goad in April, 1942. Ten months later he went overseas.

"Ours was a perfect marriage and any woman who has had such an understanding wants it again," she said.

She explained that she had written Ensign McDowell, who is somewhere in the Pacific, telling him she wants their marriage annulled. She added:

## Expense Allowance Battle In Capital

WASHINGTON, May 11.—(INS)—Rising sentiment for approval of a \$2,500 expense allowance for senators and representatives was reported in the Senate today following favorable House action.

The proposal, approved by the House after an uproarious session, is designed to compensate members of Congress for additional living

costs, travel to and from their home states or districts during sessions of Congress and other extra expenses.

The expense allowance was regarded by some members as preferable to a straight pay increase on the ground that the extra \$2,500 would not be subject to federal income taxation, and that the grant would amount to a raise from \$10,000 to about \$12,500.

At present he is serving aboard a rescue tug of the Atlantic fleet and wears the American Theater ribbon and the European-African-Middle Eastern Theater ribbon. E. M. 3-c Kegarise is the son of A. W. Kegarise, who has another son, Dale Kegarise, who is a lieutenant in the Army Air Forces.

Two more New Castle brothers have met while in service overseas. Mr. Sgt. George D. Christoph, Jr., met his younger brother, Lt. Vern H. Christoph, quite by accident in Germany and spent several enjoyable days with him recently. They are the sons of Mr. and Mrs. George D. Christoph, Sr., of Wallace avenue.

M. Sgt. Christoph's wife lives at 905 Harrison street. A brother, Robert Christoph, is an aviation cadet at Selman Field, Monroe, La.

Earl Covert, So. M. 3-c, has returned to the west coast sound school, San Diego, Calif., after visiting his wife, of 117 Park avenue, and his parents, Mr. and Mrs. Thomas Covert of 1017 Maryland avenue.

SK 2-c John E. O'Brien is on leave from the navy and is visiting his wife, Mrs. Mildred O'Brien of Emerson avenue.

Earl Britton Badger, 25, seaman 2-c of Wampum, has arrived at the naval training station, Norfolk, Va., April 15, to train for duties aboard a new destroyer of the Atlantic fleet after completing other training at the fleet service school, Virginia Beach, Va., according to informa-

Pfc. John Downing, son of Mr. and Mrs. John Downing of the Mercer road, is now a patient in Deshon hospital, Butler. He has been in service for three years, having been overseas for two years. Pfc. Downing was attached to the 80th infantry division of the third army. He has two brothers in the service. Sgt. Clifford Downing is located in Germany, while Sgt. Richard Downing is stationed at Camp Hood, Tex.

W-O Dominic J. Cutri, son of Mr. and Mrs. James Cutri of 307 East Reynolds street, is now serving with the 368th fighter group of the ninth air force. This group was awarded the presidential unit citation for its effective attacks on enemy armored columns in Normandy. W-O Cutri is group technical inspector. He was formerly employed by the City Sand & Stone company of Ellwood City. His wife, Mrs. Lillian M. Cutri, and daughter, Carolyn Lee Cutri, reside at Phoebe, Va.

Pfc. Charles P. Millone, son of Mr. and Mrs. John Millone of 1 East Home street, has been awarded the good conduct medal. Pfc. Millone, a machine gunner (artillery), has participated in the battle of Germany.

George S. Hruska, son of Mrs. Anna Hruska of 16 Terrace avenue, has been promoted from the rank of second lieutenant to first lieutenant. Lt. Hruska, a B-17 Flying Fortress bombardier with the eighth air force, holds the awards of the aid medal with three oak leaf clusters to the air medal for "meritorious achievement" while participating in bombing attacks on military and industrial targets in Germany and enemy installations in the path of the advancing Allied armies.

Pfc. Matt P. Domenick, 116 West Cherry street, is one of the men of engineer depot E-519 in channel base section who, before the surren-

der of Germany, pushed their production rate up to 600 pounds of cargo handled per man hour, the highest record in Europe, because of the urgent need for steel bridge sections and pontoons for the Rhine crossings. Information from Belgium states that the GI's of this outfit and Belgian civilians worked side by side in order to do the job. tion from the fleet distribution center, Chicago. The son of Mr. and Mrs. James Badger, Ellwood City, Seaman Badger is married to the former Naomi Jane Cupps of Wampum, and has two children, Earl, 5, and Ruth, 3.

## Speed Laws Are To Be Enforced

HARRISBURG, May 11.—(INS)—State Police Commissioner C. M. Wilhelm emphasized today that speed laws would be "rigidly enforced" as part of a campaign to "prevent a breakdown of the domestic wartime transportation system."

"There would be fewer car failures if vehicles were properly cared for and safely operated," Wilhelm stated. "Speed is the greatest men-

ace of all hazards to car, driver and the public at large.

"All speed limits must be strictly observed and all law enforcement agencies, both state and local, must unite in a determined effort to compel the observance," he added.

## Eagles Lodge To Carry Out Many Activities Sunday

Will Dedicate Honor Roll And Have Mother's Day Program At Margaret Henry Home

New Castle Aerie No. 455, Fraternal Order of Eagles, has a full program of activities listed for Sunday afternoon, which will keep members of the lodge and auxiliary busy.

During the afternoon, the officers and members of the lodge, together with the ladies of the auxiliary will present a Mother's Day program at the Margaret Henry Home. They will also dedicate an honor roll which is being presented to the home containing the names of 55 young men and women who have formerly lived at the home, who are now in service. This will be followed by a dinner.

Members of the drill and degree team will be in Ellwood City during the afternoon, where they will help with the initiation of a large class of candidates by the Ellwood City lodge.

Members of the Sodality of Our Lady of St. Vitus church will attend the 7:45 o'clock mass Sunday morning with their mothers, and all will receive holy communion in a body. A communion breakfast will follow for mothers and daughters.

## Deshon Sergeant To Be Speaker At Westminster Event

(Special to The News)

NEW WILMINGTON, May 11.—Sergeant Henry R. MacAvoy of the public relations office at Deshon General Hospital will be the principal speaker at the annual Publications Dinner at Westminster College here Saturday, May 12. He will speak on "Public Relations at an Army General Hospital."

Prior to his enlistment in the army, Sgt. MacAvoy worked in industrial promotion and advertising. He has been in public relations work at Deshon for about a year and a half.

Sponsored annually by the Westminster Chapter of Pi Delta Epsilon, national journalism fraternity, the Publications dinner honors seniors on the staff of the Hopedale campus newspaper, and the Argo college yearbook.

## Polish Problem Bars Denmark From Conference

SAN FRANCISCO, May 11.—(INS)—The shadow of the Polish controversy passed over San Francisco again today with the unexpected effect of barring Denmark from the United Nations conference.

Efforts on the part of the Norwegian delegation to secure an invitation for Denmark have encountered

Big Four objection on the ground that any further admissions would re-open the unpleasant argument over inviting the Lublin Poles. The proposal was made informally last week by Norwegian Foreign

Minister Trygve Lie in a letter to Secretary of State Stettinius. It has not been acted upon.

But it was learned today that the Norwegian delegation is making a fresh move in behalf of Denmark.

IWO JIMA.—(INS)—The fierce fighting for this stepping stone to Tokyo didn't prevent the embattled marines from writing 20,000 letters daily, according to First Lieut. J. V. O'Mahoney, 31 of Summit, N. J. "Many of them were written in

front line foxholes under enemy fire." Lieut. O'Mahoney, who is mail officer for the fifth amphibious corps, said: "They came in to us dirty, crumpled, and spotted. We sent them on their way by plane the same day."

81 GREAT GRANDCHILDREN COVINGTON, Ky.—(INS)—Mrs. Martha Harrison celebrated her 91st birthday recently and disclosed some amazing statistics. The mother of seven sons and five daughters,

Mrs. Harrison has 74 grandchildren, 11 of whom are dead, and 81 great-grandchildren. Of her family members are serving in the armed forces.

## FRACTIONAL RISE IN STOCK MARKET

Market Gets Back On Feet After  
Two Days Of Losing  
Ground

NEW YORK, May 11.—(INS)—The stock market got back on its feet today after its sharp fall of the last two sessions.

Recovery was mainly fractional and volume was lighter than during the decline. Both factors gave weight to the feeling that traders were being extremely cautious and making no rash commitments.

The recovery got under way at the very start of trading with gains of small fractions to nearly a point in such stocks as Bethlehem, Chrysler, U. S. Steel, Santa Fe, Great Northern, Pfd. and others.

The rise in Great Northern was based on an increase in the semi-annual dividend from \$1 to \$1.50. Mining shares again were higher on the hopes the ban on gold mining would be lifted next month.

Oils continued to sag and Standard Oil of N. J. fell 3-4 point on a sale of 2,000 shares at 62.

Crab stocks showed irregular improvement and rail bonds improved fractionally.

**Induction Saturday**  
Local Program For Both Hospitals  
To Be At Jameson Hospital At 3 P. M.

On American Hospital Day, Saturday, May 12, the second induction of student nurses into the U. S. Nurse Cadet Corps will be conducted. A joint ceremony of the local schools—Jameson Memorial and New Castle Hospital Schools of Nursing—will be held in the auditorium of the Jameson nurses home, with approximately 100 cadet nurses participating at 3 p. m.

The first part of the program will be a Florence Nightingale memorial due to the fact that May 12 is the 125th anniversary of her birth. The second part of the program will be participation in the national program to be broadcast. During the national induction program, Dr. Thomas Parran, surgeon general, Public Health Service, will administer the formal induction into the corps for 112,000 cadets throughout the nation. Tribute to the corps will also be paid by stars of the radio, stage and screen.

### Pfc. W. C. Bollinger Awarded Citations

Local Soldier Medie Serves In  
European War Theater, Was  
Wounded In France

Mr. and Mrs. William R. Bollinger have received word that their son, Pfc. William C. Bollinger has been awarded the following citations: European Theater of Operations Ribbon with three battle stars, Good Conduct Medal, Purple Heart, Combat Medic Medal, and Veterans of Foreign War Ribbon. He has been recommended for the Bronze and Silver Stars. The Bronze Star for meritorious achievement in medical aid on the field of battle, the Silver Star for gallantry and intrepidity in action under enemy fire.

Pfc. Bollinger joined the armed force June 10, 1943, received training with the medical corps at Camp Pickett, went overseas November 1, 1943, and had further training for eight months, leaving with the Fifth

Division for France, hitting the Normandy beachhead July 9, 1944, and becoming part of the First Army. In August Pfc. Bollinger was assigned to the Third Army with General Patton.

On February 10, this year, Pfc. Bollinger was wounded, and confined to a hospital near Reims, France, discharged on March 18, and assigned to general duty with his unit in Germany. He has served in England, Northern Ireland, France, Luxembourg, Germany, Austria and Czechoslovakia. Bill was formerly assistant scoutmaster of Troop V-4.

### Local Radar Man Back From Pacific

Paul E. Jones, petty officer 3-c, U. S. Navy, radar man, is on nine days leave visiting with his wife, Mrs. Olive Jones, daughter Sandra Kay and baby Katherine Louise, of 207 1/2 North Liberty street, and his parents, Mr. and Mrs. W. T. Jones of Newell avenue. Officer Jones, on account of his short leave, came by plane from the West Coast.

Paul recently returned from service in the Pacific area. He has been in eight major engagements, including the Philippines invasion. He is in good health.

### S. C. W. CLASS MEETS THURSDAY EVENING

## Deshon Annex Veteran Shares In Nazi Defeat

No one would ever think of calling a tank destroyer a nursery toy. Just looking at it gives you a rough idea of its usefulness, but in the hands of a gunner like Sgt. Kenneth Oxenreider, now at the Deshon annex, it becomes downright dangerous.

A lot of Germans could testify to its efficiency if they were still able to tell anything and the German tank commander at St. Lo is probably still wondering what happened to 12 of his tanks.

Sgt. Oxenreider is a quiet spoken chap who looks like anything but a killer. But the record shows he knocked off 12 German tanks in the Battle of St. Lo, won himself a silver star for gallantry and had himself a fine time knocking off the dozen kraut tanks "like ducks in a shooting gallery."

**Three-Inch Gun**  
A tank destroyer gun is a three-inch gun mounted on a tank chassis. On the day it happened Sgt. Oxenreider had his gun at the base of a small hill, waiting for the "ducks" to come over. They did.

As each one of them came over the brow of the hill, the sergeant took a bead on it and dropped a three-inch shell into it. The tanks were filled with German soldiers and as the three-inch shell hit each tank it blew the tank apart and did the job completely for most of the Germans.

Sgt. Oxenreider, a native of Myerstown, Pa., hit the beach of Normandy on D Day plus three. Things were happening, and in a short time he and his tank destroyer crew were in action. They fought on through the Normandy campaign and on up to within sight of Paris. On the way the sergeant and his crew accounted for 21 tanks in all.

Then, according to him, he got a rough break. He had always wanted to see Paris and here it was just a hop, skip and a jump away.

But it wasn't to be. With Paris almost in sight, and the fall of Paris just a few days away, he was injured. Now he's back in the United States and is a patient at the annex.

He doesn't talk much about his private shooting gallery near St. Lo, but the records tell it for him. And when you get to wondering about the American men who made V-E Day possible, give a thought to Sgt. Kenneth Oxenreider. Twelve tanks is a top flight bag of game for anybody.

## German Labor For Reparations Plan Proposed

WASHINGTON, May 11.—(INS)—Some sentiment for a reparations plan under which German labor would be used to repair devastated areas in Europe was reported in the senate foreign relations committee today.

A canvass of the committee disclosed reluctance upon the part of some members to commit themselves, although one Democratic senator said he believed the majority favored the plan.

County Sabbath School Association  
District To Have Sessions  
On Sunday

Wampum District of the Lawrence County Sabbath School Association will have its annual convention in the Pentecostal church, Wampum, Sunday afternoon and evening, May 13, with the president, L. Butler Hennon, presiding.

Rev. Bruce E. Robinson will conduct the devotional service of the afternoon session, which opens at 2:30 o'clock. Special music will be presented by the young people of the Wampum Presbyterian and Pentecostal Sunday schools.

A young people's round table discussion will be led by Mr. Hennon, assisted by Rev. Edwin C. Schmidt and Rev. W. R. Wigton. Rev. K. T. Yahn, minister of the Methodist church, will deliver the address of the afternoon. Election of officers and roll call of schools will follow.

Albert Gerlach, vice-president of the district, will preside at the evening session, which begins at 7:45 o'clock. Rev. Yahn will have charge of the devotional. Young people of the Wampum Methodist church will offer special music. Roll call of schools and installation of officers, conducted by Robert M. Strickler, Jr., county president, will take place.

Professor John Coleman, of Geneva College, is the speaker of the evening.

## Mine Blast In Utah Costs Lives Of 22

SUNNYSIDE, Utah, May 11.—(INS)—Emergency ventilating equipment was being employed today by rescue workers probing in the ruins of the number one slope of the Sunnyside, Utah, coal mine for the remaining victim of an explosion which was known to have taken 22 lives.

Twenty-two bodies had been recovered last night as miners continued the search for Bud Walton, 55, the last man known to have been trapped when the deadly blast occurred late Wednesday.

Seven miners were rescued from the mine alive although badly burned, Wednesday night.

## Local Y. Officials At State Meeting

J. Clyde Gillfillan, R. L. Meermans  
Return From Constitutional  
Meeting At Harrisburg

J. Clyde Gillfillan, member of the board of directors of the Y. M. C. A. and R. L. Meermans, general secretary, have returned from Harrisburg where they attended the state convention of Y. M. C. A. representatives held for the purpose of adopting a new constitution for the Pennsylvania Y. M. C. A.

The new constitution will give the ten districts in the state a more democratic representation on the state committee. Mr. Meermans and Mr. Gillfillan represented the central western district. The latter was active in working out the plan of representation.

Mr. Meermans was named at the close of the meeting to the committee which will work out the transition from the old constitution to the new.

## TO AMERICA'S FIGHTING SONS AND DAUGHTERS... ETERNAL GRATITUDE

## With Victory in Europe comes a Challenge

From those who have served their country on far-off fields of combat, we have now received the first priceless gift of Victory... and with this Victory a challenge!

For from these men who have sacrificed so much—and from the other millions who have backed their efforts by carrying on so effectively their appointed tasks at home—comes the demand that total victory and final peace, through triumph over Japan, shall bring them the opportunities for which they fought and worked—the opportunities to live, progress and prosper.

Here is a challenge to us all—a challenge to see to it that the road to realization of these natural human ambitions runs smooth and straight.

We of General Motors believe that what is good for our country and our countrymen is good for General Motors; and that there are time-tried and unfailing guides upon which Americans can depend.

They can be described in terms of certain simple "articles of faith":

Faith in America and in America's future—a future of expanding, useful productivity and ever higher standards of living.

Faith in the rightness and benefits of individual freedom and individual enterprise.

Faith in the principle that there can be no rights without responsibilities—no privileges to enjoy without duties to perform.

Faith in work, as the forerunner of reward—in incentive, as the kindling spark of productive energy—in opportunity to serve a need, as the first requirement to provide a job.

Faith in the American way of doing things, by which each person, each organization, each industry, each business must take its place—and be granted that place—according to ability and capacity—in one great, coordinated, inter-gear system of

living, working and contributing to the national welfare.

Faith in America's progressive instinct and in the things which serve it—science, research, engineering, technical knowledge and skill.

Faith in the rights of great and small alike—and of the importance of each in a free, peaceful and productive nation.

Before us lies one immediate, definite task—more important than all others—to defeat Japan.

With the first big obstacle to final victory removed—it is not too soon, we think, to face the challenge of that peace which our fighting men will have won so dearly.

We believe the principles which we have stated are those with which the challenge must be met.

We believe that if we follow these principles—with stout hearts and willing hands—America's future will inevitably bring better things for more people.

## V-E Day Doesn't Lower Quota For Nurse Volunteers

Eight Per Cent Of Nurses Have  
 Applied For Service, Sec-  
 retary Says

HARRISBURG, May 11.—(INS)—  
 "Demobilization doesn't affect the  
 wounded," the Pennsylvania State  
 Nurses' association asserted today  
 in an appeal for 700 volunteers for  
 military duty.

The armed forces have fixed a  
 national quota of 9000 volunteer  
 nurses by June 1.

"V-E Day won't affect the re-  
 cruitment of nurses for the mili-  
 tary," said Mrs. Katherine Miller,  
 secretary. "Demobilization doesn't  
 affect the wounded, it affects only  
 those who are well. V-E Day does  
 not take away any of our problems."

"We have plumbed the depths of  
 existing facilities of the state and  
 the hospitals can't stand much  
 more," she added. "A pretty high  
 quota has been set for Penn-  
 sylvania, approximately eight per cent  
 of the national quota."

Mrs. Miller explained that be-  
 tween 300 and 400 young women  
 were graduated from nursing  
 schools late last year were given  
 state board examinations in March  
 and a "great majority" have entered  
 the Army and Navy.

## Nazi Gauleiter In Norway Is Believed Dead

OSLO, May 11.—(INS)—Investiga-  
 tion got under way today to deter-  
 mine if the two mutilated bodies  
 discovered at an elaborate under-  
 ground shelter at the residence of  
 Crown Prince Olav are those of the  
 Nazi gauleiter of Norway, Josef  
 Terboven, and his police chief Wil-  
 helm Redess.

Meantime, reports from Slaven-  
 ger reaching the Norwegian capital  
 said that some 2,000 Norwegian,  
 British and American troops had  
 arrived at the Sola airfield at Stav-  
 enger. They were wildly greeted by  
 the inhabitants.

Terboven, one of the most hated  
 men in Scandinavia, was reported

to have died with Redess after a  
 terrific explosion ripped through the  
 shelter at the Skaugum, which the  
 Reichs Kommand had appropriated  
 from the property of Prince Olav.

## Soviet Official Fatally Stricken

Alexander Sherebakov, Who Held  
 Five Key Posts In Stalin  
 Government, Dies

NEW YORK, May 11.—(INS)—  
 NBC reported today that Russia's  
 most wartime casualty among  
 leading Moscow personalities oc-  
 curred on the first day of peace  
 with the least heart attack of Alex-  
 ander Sherebakov, one of Stalin's  
 closest collaborators.

Robert Magdoff, NEC commen-  
 tator, said Sherebakov's death was  
 the result of overwork during the  
 war. Sherebakov held five key posts  
 in the Soviet government.

Besides his role as top assistant  
 to Stalin and party affairs he was  
 secretary-general for the city and

province of Moscow, was colonel gen-

# Westminster Considers Resuming Of Football

Dr. Robert F. Galbreath Urged To Contact Tri-State Colleges Interested

Five Colleges Have Answered Favorably On 1945 Football Programs

(Special to The News) —NEW WILMINGTON, Pa., May 11.—If enough opposition can be found, Westminster college may field a football team next fall, college officials said today.

Acting on the request of a group of Westminster students, President Robert F. Galbreath sent letters to 15 district colleges asking if they plan to resume football and would be interested in scheduling Westminster. Dr. Galbreath told the student group that if enough replies in favor of resuming gridiron relations were received, some action would be taken.

To date, five schools have indicated that they are interested and hope to have a team next fall. They are Slippery Rock, Denison, Lehigh, Mt. Union and Muskingum. Officials from Allegheny, Grove City and Hiram wrote that they do not plan to revive the sport.

No replies have been received from Geneva, Thiel, Bethany, Juniata, Carnegie Tech or Waynesburg.

**Colleges Contacted**  
Titan Coach Grover Washbaugh has contacted the colleges which plan to field a team about the possibility of arranging game schedules.

Ray Bower, Mt. Lebanon, only remaining letterman from the 1942 squad, the last to represent Westminster on the gridiron before the sport was discontinued, was the chief spokesman for the student group.

Two plans were proposed by the student committee seeking to revive football interest among the small colleges. The first was to bring representatives of those schools interested to a meeting at Westminster to work out some proposal.

**Many Urge Football**  
The second was that if not enough suitable opposition can be found within a reasonable transportation area, some form of home and home basis games might be worked out with those interested.

Westminster was among the last district colleges to drop football in 1942, and then largely because no opposition could be found. Manpower still remains a problem but Westminster President Galbreath indicated that he has received letters from a number of 17-year-olds, 4-Fs, and returning servicemen who want to take part in football competition.

## PIRATES EYEING FIRST DIVISION

Hope To Play Boston Today After Being Rained Out. Pirates Are On Edge

BOSTON, May 11.—(INS)—The Pittsburgh Pirates had a gleam in their eyes today as they scanned the skies for weather indications to see if they would get a second chance this week at Boston.

Only a game and a half out of the first division, the Buccaneers of Frankie Frisch are feeling rocky that they will return to Pittsburgh May 21 secure in the upper bracket as the result of their trek through the East. The Corsairs were resting in fifth place with Boston. Today's game was to decide who moves up and who drops in the listings.

## Sports Jamboree At Philadelphia

Philadelphia Baseball Fans June 11 Will See Greatest Show In History

PHILADELPHIA, May 11.—(INS)—The Quaker City will hold one of the most spectacular sports jamborees in its history on June 11 in a program expected to yield \$3,000,000 in war bond purchases.

Shibe Park will be turned into a melting pot of sports events—spiked with comic acts, clowns and a colossal assortment of what-have-you—topped off with a game between the Phillies and the A's.

**Plenty Of Excitement**  
The purchase of a war bond will be the admission to the "Sports-Go-Bang" festival. For a \$25 to \$100 bond, the fans will see: Ten different games being played on the field at the same time; Four simultaneous boxing bouts and two wrestling bouts; A modern William Tell shooting an apple from the head of a model; A parachute jump into the middle of Shibe Park.

Clowns, tumblers, acrobats and champion gymnasts; A basketball game; And "surprise" thrills.

Then comes the game between the A's and Phils, the second in the three-game intra-city series.

## Wampum Rotarians Plan Horse Show

Annual Event To Be Staged Afternoon And Evening Of Friday, June 29

Plans are now under way by the Wampum Rotary Club for the annual horsheshow which will be held this year on the afternoon and evening of Friday June 29. Entry blanks are out and the indications are that the lists this year will be larger than ever.

The Wampum Rotarians put on the horse show every year and always for some benefit. This year the beneficiary of the show will be the Deshon Annex and from the funds netted from the show it is expected will come enough to pay for a double blacktopped tennis court with screens at the Annex.

## Brownies Whip Senators, 10-2

Jupe Pluvius Causes Most Big League Games To Be Rained Out Thursday

Still another brace of twin bills was added today to the many double-headers already destined to be played late in the 1945 baseball season. Rains yesterday washed out all but one big league contest.

The sole exception was a night game at St. Louis in which the Browns shellacked the Washington Senators, 10-2. The Browns were already ahead 3-2 in the sixth when St. Louis increased its lead by three runs, two of them scored by Vern Stephens' fourth circuit clout of the season. The final St. Louis run in the eighth was in the nature of a coup de grace.

## Set High Bounty For Red Foxes

HARRISBURG, May 11.—(INS)—The State Game commission announced today that \$4 bounties have been placed on red foxes in all counties except Chester and Delaware for one year starting July 16. Commissioners said the bounty was established because fewer hunters and trappers were destroying the predatory animal due to low fur prices. A bill passed by the General Assembly prohibited killing of foxes in Chester and Delaware counties. It was explained.

Other bounties now in effect were gray fox, \$4; weasel, \$1; great horned owl, adult, \$4; fledgling, \$2; goshawk, adult, \$2; fledgling, \$1.

## Fair Or Foul

By LAWTON CARVER  
International News Service Sports Editor

NEW YORK, May 11.—The race tracks are about to reopen for what will be the most prosperous era in the history of the turf.

Million dollar betting days were commonplace when tracks were shut down. It is only reasonable to assume that they will pick up where they left off and go on to betting records unheard of in all the annals of racing.

This being so, racing should take a look at itself. Racing has been sniped at from all sides in the last few months. While racing was down everybody took the opportunity of getting a kick at it. There never was a sport in this country so maligned once it was down.

**Realize Mistakes**

The racing people brought this on themselves. They know now the mistake they made. Perhaps they will accept a little advice.

The racing people should begin immediately to fit their future programs into war rehabilitation. For instance they should say we are going to arrange to give the Red Cross about \$20,000,000 a year.

That would be easy. They wouldn't even miss it.

They could do this by turning over to the Red Cross parking space at all tracks around the country. Racing makes enough out of racing itself without needing this extra income.

**Parking Big Item**

For the time being the parking privileges would not amount to much at the race tracks under gas restrictions, but sometime in the next year or two the tracks could get together to make this part of a general program for helping the post-war situation.

I'm not trying to say that racing owes anybody anything. It is a legitimate sport which need not apologize for itself. However, because of the money involved in racing operations and in betting it is a soft touch for the reformers. It is the soft underside of sports. Racing should make sure it offsets this.

**Would Erase Drive**

It comes down to this. If the race tracks were to turn over to the Red Cross the parking privileges for the next five years the Red Cross probably wouldn't have to stage a drive for funds.

## Racing Entries Swamp Officials

Race Horse Owners Anxious To Win Big Money On Resumption

CHICAGO, May 11.—(INS)—Race horse owners, eager to win their first purse since the government banned horse racing, swamped racing secretary "Duke" Dahlstrom's office at Sportman's park today to enter their charges in the \$2,500 Inaugural handicap tomorrow.

The inaugural feature of sportman's opening day since the racing ban was lifted, will be a two division stake event for three-year-olds and upward at seven furlongs. It will carry \$2,500 for each division.

Chief among horses likely to start on the opening day card are Night Shadow, Valinda, Malden, Bolns, Bring Me Home and Hapor, Pilot.

Thirty-eight horses were entered 24 hours in advance of the time for closing of the entries.

John L. Kee-hin, president of the half-mile oval, announced that more than \$100,000 would be distributed in purses during the nine-day meeting which will close Tuesday, May 22.

## New Castle High At Warren Today

Garberry, Panella And Stokes Expected To Bring New Castle Points

New Castle high track squad was taken to Warren, Ohio today for a dual meeting this afternoon with the Harding High squad. Coach Bill Klee figures New Castle to have a good chance to cap the meet today.

Heading the New Castle contingent will be Jim Garberry expected to take a first in the hurdles and broad jump, and Anthony Panella, the "streak" who will likely be among the leaders in the 100 and 220. Stokes a newcomer to high track circles will be in the mile run and will place high if he was indicated. A squad of about 10 or 12 was to make the trip.

More than 10,000 men and women from Montana are now serving in the U. S. navy according to Lieut. Charles H. Dill, officer in charge of Montana recruiting.

PENNSYLVANIA GAME COMMISSION at a recent meeting established bounties to be paid on predators effective July 16, 1945, and continuing until July 15, 1946, both dates inclusive. A bounty of \$4.00 was placed on the red fox in all counties except Chester and Delaware where a special act of the General Assembly restricts the killing of foxes to the protection of personal property. Sentiment for a bounty on the red fox as a control measure has been growing due to the fact that these animals have increased considerably in most sections of the Commonwealth. The absence of many hunters and trappers in the armed services, pressing wartime occupational duties and low fur prices as well as unfavorable trapping conditions last winter have been largely responsible for this increase. The commission, upon recommendations submitted by its predator control committee, together with information obtained from numerous other sources, deemed it advisable to place the \$4.00 reward on these animals for a period of one year in the hope of bringing about a reduction in their numbers and thereby better to protect game and poultry. In addition to the red fox bounty, rewards are also continued as follows: Gray fox, \$4.00; weasel, \$1.00; great horned owl, \$4.00 for adults and \$2.00 for fledglings which have not left the nest; and goshawk, \$2.00 for adults and \$1.00 for fledglings which have not left the nest. The red bounty will be payable on red foxes killed on and after July 16. Other bounty rates listed are in effect now and will continue to the end of the period indicated.

## Sports To Stay On Restricted Traveling Ban

WASHINGTON, May 11.—(INS)—Organized baseball and other sports it appeared today, will operate on their travel curtailment schedules until V-J day.

Defense Transportation Director J. Monroe Johnson called upon sports managers to continue their voluntary travel curtailment agreement or to initiate such arrangements if they have not already done so.

Face Critical Period

Johnson said that the next 12 to 15 months will be the most critical period in American transportation history.

He also asked that the public forego all unnecessary travel this spring and summer, next fall and "even next winter unless the Japs decide by that time that they have taken all the beating they can stand."

## CAMPFIRE CORNER

ODDIES OUTDOORS

They're seeing strange sights in the Michigan outdoors. A black woodchuck was reported recently near Ewen, and a cock pheasant was spotted near Gladwin making away with a fullgrown quail. What the ringneck was going to do with the Bob-white remains a mystery, but Wolverine conservation officials theorize that he must have been taking lessons from a hawk. A dead pileated woodpecker, a rare species in the southern peninsula, was found near Alpena.

Like Cat Eyes

A 57-pound buffalo fish was netted in the Mississippi river a couple of weeks ago near Lansing, Ia. The monster, caught by commercial fishermen, was sold for \$7.40.

Know how to tell a wolf pup from a young fox? The Missouri conservation department says the pupils of the eyes of both red and gray foxes are elliptical, like those of a cat, while the pupils of wolves and coyotes' eyes are round like a dog's. This identities are established for payment of bounties in the "show me" state.

Ground squirrels, both striped and gray, are blamed by Iowa conservation officials for most of the seed corn damage that has been attributed to pheasants. Stomach examinations show that the rodents are avid seed corn eaters, while the ringnecks dine chiefly on wireworms, cutworms and other insect pests. Most effective ground squirrel control is poisoning. Poisoned wheat or corn is dropped into the holes, well down in the ground so seed-eating birds will not be endangered. But shooting the pests with a .22 is more sport.

Expensive Sport

Fishing for Atlantic salmon is an expensive procedure for most anglers, involving long-distance travel, but tired business men of Bangor, Me., have to journey only a few blocks to the Bangor salmon pool, within the city limits, for early season angling. Later the salmon continue their journey from the sea to river headquarters. The first salmon captured each April is sent to the President of the United States.

Sharon Woods lake in Ohio, containing only 38 acres of water, has yielded 39,121 anglers 56,000 fish in five years. On a yearly basis each acre of this lake provide fishing for 206 anglers and they took 295 fish, or approximately 74 pounds of fish, mostly bluegills, catfish and bass.

Hunting accidents in Minnesota decreased from 96 in 1943 to 81 last year. The reduction is attributed to the campaign of safety education conducted by the conservation department.

A new army ordnance M-25 tank recovery vehicle is now in operation in western Europe.

KEN BURKHARDT, new pitcher for the St. Louis Cardinals, is a product of the St. Louis minor league system. He comes up this year from Columbus of the American Association where he won 15 and lost 9. He is a right-hander and has impressed Cardinal officials in his appearances on the mound. (International)

## Umps To Discuss Baseball Season

All umpires, members of the Lawrence County Umpires Association will gather at the "Y" tonight at 8 o'clock to discuss the coming baseball season and get prepared to handle plenty of games this summer.

Anyone wanting to be an umpire is asked to attend the meeting. The association has done a fine job in years passed and will continue to give the same service it was indicated.

## Church Golfers Get Rained Out

New Castle church golfers rained out two successive Thursday nights, will attempt to open the 1945 league season next Thursday night at the Castle Hills course. It was announced by President Morgan Jones, Jr.

The league will disregard the two postponements and start the regular schedule next week, instead of waiting until the end of the first-half to play-off the postponed matches. The schedule originally set for Thursday, May 3, will be run-off next week (weather permitting).
